FreeMotion
CARBON

FEATURES AND BENEFITS

Fill a corner, fill a wall or fill a room. The FreeMotion Carbon Multi-Gym offers the most flexibility when it comes to designing your workout space. This modular system allows you to mix and match stations to create the ultimate fitness experience.

Modular Design › Easily configured to a full, 5-station design in the center of the room, individual stations against the wall, or a 3-piece pod in the corner. The FreeMotion Carbon Multi-Gym optimizes floor space to create a fully-customizable workout room.

Industrial Design › Constructed from 11-gauge steel with a powder-coated finish, each station is built to last.

Enclosed Weight Stack › Each station features an enclosed weight stack to limit access to moving parts for user safety.
